Middle/High School Counseling Office

Class of 2026 Registration & College/Career Planning Presentation

Informational meetings for sophomores and their parents are being planned to review the following topics:

- Results of testing and their implications
- Dual Enrollment courses at Iowa Western Community College offered next year and procedures
- In-house Course offerings reviewed
- Registration for 2024-2025 Iowa Western and High School classes

We want you as parents to be informed of the opportunities your students have at GHS. At these meetings, school personnel will be available to review courses and address any questions you may have regarding your child's education. Students will also be making final registration decisions for 2024-2025 classes. All registrations must be "signed off" by parents. It is very important that all parents and students plan to attend this meeting. If you are unable to make one of these sessions, please call/email Mrs. Akers at 778-2154 or aakers@griswoldschools.org and make other arrangements to review your student's plan.

Scholarships – Seniors

The time for seniors to apply for scholarships is upon us! This can be a very time-consuming process since many of the forms are lengthy and detailed. In an effort to help with the time-management piece, we have provided seniors with one general application for all of the local scholarships. This is found under the School Counseling tab on the school's website (Click on "Senior Scholarships" in the top right corner). **Deadline for the general application is March 4th.** Once students turn in their application, we will distribute copies to the various organizations. Scholarship due dates are available on the counseling webpage to help students organize deadlines. It's important that seniors check this page often, as new scholarships are added frequently. ****Also, make sure to check out the Southwest Iowa shared scholarship spreadsheet linked at the top of the scholarship page. ****

Scholarships do not need to be limited to ones sent to the counseling office. You may have received offers for searches in the mail. One warning: If they want you to pay, don't use them. There are many good sites that help for free. Here are a few I recommend:

www.iowacollegeaid.gov

www.studentaid.gov

www.fastweb.com

www.icansucceed.org/scholarships

One special note: Dollars for Scholars will be offered in April. Please wait for notification to fill out this scholarship.

***** Seniors and Parents, have you completed your FAFSA?? That needs to be completed ASAP to receive college-based scholarships, grants, loans, and/or work study!!!***

Academic Awards & Class Night

The National Honor Society would like to invite you to the annual Academic Awards program. This will be held May 8th at 7:00 p.m. at the Griswold School. A letter will be mailed out with more information. We will be honoring academic achievers and awarding letters to those fulfilling the requirements. Students become eligible for an academic letter during the sophomore year after attaining a minimum of 3.5 cumulative grade point average for 2 consecutive semesters, earned in classes from the regular school curriculum. Awards will be made after completion of the first semester each year. Students may also become eligible when they have achieved a 3.5 cumulative grade point average for 2 consecutive semesters and have completed at least 10 high school credits. The cumulative grade point average of 3.5 must be maintained for students to be eligible for a letter or bars.

Senior Class night will follow the Academic Awards on May 8th. Outstanding Awards and Scholarships will be awarded to the Class of 2024. Griswold Ministerial Association will host Baccalaureate at 6:00 pm on May 8th. All seniors and families are invited to attend.

IMPORTANT INFORMATION

Test Taking Tips for Parents

Iowa Assessment Testing is coming up April 8-12 for the HS/MS and the elementary. It is time for parents to review how they can help their children prepare for these tests. First of all, remember that the Iowa Assessments are how schools report to the state and federal government on performance. It is important that students are well prepared, not only academically, but physically for these tests. Here are a few tips that may be of help:

- Make sure that your child gets enough sleep the night before the test.
- Ensure that your child eats a healthy breakfast and avoid heavy foods that may make him/her groggy and avoid high sugar foods that make him/her hyper.
- Avoid planning evening activities during testing week to allow students time to relax and avoid stress.
- Encourage your child to do well, but don't pressure him/her, you stress them out. It is important for them to stay relaxed and positive on test days.
- Talk with your child each night about how the tests went that day and praise them for their desire to do well.
- Keep a positive attitude about the tests.

While we know that Iowa Assessments are just a snap shot of what students know and are able to do. We recognize that they do identify areas of strengths and weaknesses and can provide valuable information to the school as we work to provide the best education possible for the students.
